Other Applications

Speech recognition

P(I saw a van) > P(eyes awe of an)

Other Applications

Speech recognition

P(I saw a van) > P(eyes awe of an)

Spelling correction

"He entered the ship to buy some groceries" - "ship" a dictionary word

- P(entered the shop to buy) > P(entered the ship to buy)

Other Applications

Speech recognition

P(I saw a van) > P(eyes awe of an)

Spelling correction

"He entered the ship to buy some groceries" - "ship" a dictionary word

- P(entered the shop to buy) > P(entered the ship to buy)

Augmentative communication

Predict most likely word from menu for people unable to physically talk or sign.
